INTERNSHIP

Amvion Labs-Web Developer

2025-NOW

As a Web Developer at Amvion Labs, I contribute to designing, developing, and maintaining high-performance web applications. My role involves front-end and back-end development, ensuring seamless user experiences and optimized functionalities.

PROJECTS

Lung Tumor Segmentation using Deep Learning

2025-NOW

This project focuses on accurately identifying and segmenting lung tumors from medical images using deep learning techniques. By leveraging convolutional neural networks (CNNs) and advanced image processing, the model enhances early detection and diagnosis.
